NSL Consolidated Limited (Company, ASX: **NSL, NSLO**) is pleased to advise that the Company has commenced supply of iron ore under its 4,000 tonne Purchase Order (PO) from Sathavahana Ispat Ltd (SI) for sized lump iron ore for use in their blast furnaces.

Sathavahana Ispat Ltd, has issued the Company with an initial PO for 4,000 tonnes of low iron, high silica sized lump. This blast furnace feed lumps, is a specialised NSL produced product that is relatively unique to NSL as a result of the ore geology and beneficiation process at the Company's operations. The specialised blend of iron, silica and alumina is critical to the performance of the furnace and quality of the finished cast iron.

The Company has stocks of material and has commenced supplying into the PO.
